Reasons for Allowance

1. Examiner has reviewed and considered Applicants comments as indicated on pages 8 – 9 of Applicant's response dated 12/08/05 and per Applicant's comments, regarding claims 1 – 20 claims are now in condition for allowance.

The following is an Examiner's statement of reasons for allowance. The prior art of record does not teach or fairly suggest at least:

A development and deployment tracking tool for managing a plurality of software releases comprising:

"a third list comprising a plurality of application operating environments, wherein for each application operating environment, the third list includes an environment type defining a set of nodes on which each application executes, the environment type selected from a common development environment, a pre-production environment, a production environment, a sandbox environment, a system test environment, and an undetermined environment type; a fourth list comprising a plurality of nodes, wherein for each node, the fourth list includes an environment selected from the third list; a fifth list comprising a plurality of users, wherein for each user, the fifth list includes a predetermined role, wherein the predetermined role defines the user's access rights to the development and deployment tracking tool" as best illustrated by FIG.9 and 15 and in such a manner as recited in independent claims 1,3 and 19, and as pointed out in pages 8 – 9, of Applicant's response.

Therefore, claims 1 – 20 are in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
